2011**

Ed and Jeanne have been married for 39 years and are both loving parents and grandparents. They came to our Ideal Protein Program after watching a family members' success on the plan. In their first 6 weeks, this wonderful couple has lost a combines 50 pounds. We have truly enjoyed getting to know Ed and Jeanne and are happy that they are part of our 7Company Family.

What can we say about Mike? Mike has embraced the Ideal Protein Program offered by 7Company Weight Loss & Wellness Center with complete focus and dedication. In 8 weeks, Mike dropped an astonishing 64 pounds. It is hard to say who is happier, Mike or his devoted friends who are cheering him on every pound along the way. Mike surprised the attendee's at a recent healthy cooking demonstration with a smoke turkey. He is creative with the food and has thoroughly enjoyed the program. Mike continues to work towards his goal and success is in his sights!
Congratulation, Mike!
